PROFESSIONAL SUMMARY

Final-year Bachelor of Science (BSc) Geological Engineering student at Kwame Nkrumah University of Science and Technology (KNUST) with academic training in engineering geology, hydrogeology, geotechnical engineering, mineral exploration, geological mapping, GIS and remote sensing.

Passionate about applying engineering principles, digital technologies and artificial intelligence to improve geological interpretation, resource evaluation and engineering decision-making. Demonstrates strong analytical ability, technical communication skills, continuous learning and a commitment to safe and sustainable engineering practice.

CORE COMPETENCIES

- Engineering Geology
- Hydrogeology
- Geotechnical Engineering

- Mineral Exploration
 - Geological Mapping
 - GIS
 - Remote Sensing
 - Groundwater Development
 - Technical Report Writing
 - Engineering Problem Solving
 - Data Interpretation
-

EDUCATION

Kwame Nkrumah University of Science and Technology (KNUST)

Bachelor of Science (BSc) Geological Engineering

Expected Graduation: November 2026

Status: Final-Year Student

SELECTED PROJECTS

Career Operating System

Designed and developed a Python-powered career management platform that automatically generates professional documentation, portfolio websites, HTML résumés and career resources from structured data.

Technologies

Python • YAML • Markdown • HTML • CSS • Git • GitHub • Pandoc

Orebody Modelling & Resource Evaluation

Conducting geological interpretation and orebody modelling to support mineral exploration and resource evaluation using geological engineering principles.

Groundwater Analysis of Heavy Metals

Hydrogeological investigation involving groundwater quality assessment, environmental interpretation and technical reporting.

TECHNICAL SKILLS

Geological Engineering

- Engineering Geology
- Geological Mapping
- Hydrogeology
- Geotechnical Engineering
- Mineral Exploration
- Orebody Interpretation

Digital

- Python
- Git
- GitHub
- HTML
- CSS
- Markdown
- Visual Studio Code

Software

- ArcGIS Pro (Learning)
 - QGIS (Learning)
 - Leapfrog Geo (Learning)
 - Microsoft Excel
 - Microsoft Word
 - Microsoft PowerPoint
-

CERTIFICATES

- Google Project Management Professional Certificate
 - Statistical Methods for Decision Making
-

PROFESSIONAL MEMBERSHIPS

- AGA Trust Fund
 - Society of Economic Geologists (SEG) Student Chapter
-
